## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 2, 4-14, 16-26 and 28-36 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose a system of coinsurance wafer management for use in MPW (multi-project wafer) shuttle service, comprising at least: a production line to process at least a MPW shuttle including a plurality of original wafers and a quantity of coinsurance wafers with a common fabrication process before metal layering, process the original wafers with different metal layering fabrication processes according to a metal layering technology of each device design of the MPW shuttle, and withhold the coinsurance wafers without further fabrication, wherein the production line further releases at least one of the coinsurance wafers to replace each original wafer scrapped in the common fabrication process. The allowability, at least in part, resides in this fact.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
